Fine Print: Continuing Education credits will be awarded and count towards endorsements. Up to 12 Continuing Education Credits can count towards a Master’s Degree. However, GEAR UP cannot pay for tuition or admissions. To qualify for GEAR UP to pay for your Continuing Education courses you need to currently be a GEAR UP teacher or will be a GEAR UP teacher in the coming years. Continuing Education credits can count towards lane change.

Courses are sequenced so that two can be taken each semester. Thus, teachers can finish their first endorsement in two semesters and their second in three (just one additional semester).
